

CUSTOMER ASSISTANCE GUIDE
BUILDING PERMIT APPLICATION SUBMITTAL REQUIREMENTS

DECKS

- Please read all of the following information.
- The following is a checklist. You must have a “checkmark” in all the sections listed below prior to submitting your application.

_____ “Affidavit of Exemption” (See attached form) If you are hiring a contractor to construct your deck, and they have workers’ compensation, have the contractor or their insurance carrier provide us with a “Certificate of Insurance” showing proof of such. If the homeowner or a contractor without workers’ compensation is constructing the deck, the attached form must be completed and notarized.

_____ A site plan showing the proposed deck, the width and length of the deck, the distances in feet, to the front, sides, rear property lines, and the height of floor surface above grade at highest point.

_____ Three (3) sets of construction drawings that show in detail code compliance for all of the work proposed, to include but not limited to the following information;

- _____ Floor joist size, species and grade of wood.
- _____ Floor joist spacing (16" or center, 24" on center etc:).
- _____ Span of floor joist (clear distance between supports).
- _____ Attachment to existing structure (bolts or lags, with sizes and spacing).
 - Ledger shall not be supported on brick or stone veneer.
 - Flashing detail.
- _____ Depth of post footing below finished grade. (shall be below frost line).
- _____ Guardrail height from floor of deck, (36" minimum)
- _____ Guardrail on stairs (34" minimum measured vertically from nose of tread).
- _____ Spacing of balusters. (maximum 4").
- _____ Stairs – Riser height and tread depth. (Rise 8 1/4" maximum depth 9" minimum).
- _____ Stairs – Handrail height (from nose of tread, minimum 34", maximum 38").
- _____ Handrail grip size – if circular must have a cross section of 1 1/4" minimum to 2" maximum.
- _____ Width of stairs (36" minimum)
- _____ Lateral bracing detail.

_____ Please refer to (AWC DCA 2015 – deck guide – 1804.pdf) for wood deck design.

_____ Completed building permit application.

MDIA will review plans submitted to determine code compliance. If the minimum submittal requirements are not met, we will ask the applicant to supply additional information. If the minimum requirements are met, the plans will be marked “approved”. A building permit will be issued and the applicant will be notified of the inspection fees and when they can pick-up the permit at the Municipal Building. All fees shall be paid prior to the issuance of the permit. Then use the inspection procedures provided to have all of the required inspections performed.

INSPECTION PROCEDURES DECKS

- Building permit must be posted on the site of the work and clearly visible from the road until completion of the project.
- Your approved plans must be available at all times for inspections. These are the plans that were submitted with your application and were marked "Approved" by the Building Inspection Agency.
- The permit applicant or authorized agent is responsible for scheduling all inspections.
- To schedule an inspection call the inspector listed below.
- **DO NOT schedule an inspection if the work is not ready!!!!**
- When scheduling an inspection, you must supply your permit number and phone number to the inspector.

PLEASE GIVE THREE (3) WORKING DAYS ADVANCE NOTICE

FOOTING INSPECTION WILL BE GIVEN PRIORITY

MIDDLE DEPARTMENT INSPECTION AGENCY, INC.

1. Footing Inspection – Holes must be dug for support posts below frost line. The inspection must be approved prior to placing of concrete.
Inspector, Chris House **Phone, 1-800-922-6342**
2. Framing Inspection – At the time of inspection all framing members must be visible. Such as floor joists, joist hangers, attachment to dwelling. (lag bolts etc.)
Inspector, Chris House **Phone, 1-800-922-6342**
3. Electrical if applicable.
Inspector, Chris House **Phone, 1-800-922-6342**
4. Final inspection – All railings, steps, handrails, guardrails, and decking shall be completed. Inspections #2, #3 and #4 may be conducted at the same time, if all portions of the framing and electrical installation are visible upon completion of the deck.
Inspector, Chris House **Phone, 1-800-922-6342**

Safe digging is no accident! Know what's below. Dial 8-1-1 before you dig.

Safe digging is
no accident!
Know what's
below.

Dial 8-1-1
before you dig.

What do we do?

Why should you call?

We are the "Call before you dig!" company for all of Pennsylvania. If you plan to disturb the earth with powered equipment, you are required by Pennsylvania Law to notify the underground utility companies of your intent to do so. Notification occurs by calling 8-1-1 or 1-800-242-1776, 24 hours of the day, every day of the year. Notification can also be done on our website at www.paonecall.org.

We will then notify the utility companies nearby of your intent to dig. The utility companies are responsible to mark where their underground lines are located with colored flags, paint or chalk.

Please Note:

- PA One Call does not mark utility lines.
- In some cases, the utility company may not mark the service lines you own.
- If you need your sewer drain cleared be sure to check www.paonecall.org/crossbore for Call Before You Clear Information or call 8-1-1 for more information.

Homeowner Quick Tips

Safe digging is no accident!

If you are installing a fence or deck, or digging for a mailbox post, patio or other excavation project, it is important to Know What's Below. Dial 8-1-1 or 1-800-242-1776 before you dig. The utility companies do not want an accident, either. The best way to learn where underground utility lines are located is to call before you dig.

We will then notify the utility companies nearby of your intent to dig. The utility companies are responsible to mark where their underground lines are located with colored flags, paint or chalk.

The Excavator's Responsibility

Dial 8-1-1 or 1-800-242-1776.

- Dial 8-1-1 or 1-800-242-1776.
- Do not allow anyone to excavate on your property without calling.
- Always look for the markings on the ground before your dig date.
- If you do not see markings, do not allow anyone to dig. Wait for the lines to be marked by the utility.
- Whoever places the call will receive an email or fax with a list of facility owners who have marked or have not marked. Pay attention to this message.
- Respect the markings by not removing flags or disturbing the actual markings.
- Exercise care around the marked lines by hand digging.
- When the project is complete, the excavator should remove the flags or marks from the ground or pavement.
- Report mishaps by dialing 8-1-1.
- Report emergencies by dialing 9-1-1.

THIS FORM REQUIRES A NOTARY SEAL

AFFIDAVIT OF EXEMPTION

The undersigned affirm that he/she is not required to provide workers compensation insurance under the provisions of Pennsylvania's Workers' Compensation Law for one of the following reasons, as indicated:

- Property owner performing own work. If property owner does hire contractor to perform any work pursuant to building permit, contractor must provide proof of workers' compensation insurance to the municipality. Homeowner assumes liability for contractor compliance with this requirement.
- Contractor has no employees. Contractor prohibited by law from employing any individual to perform work pursuant to this building permit unless contractor provides proof of insurance to the municipality.
- Religious exemption under the Workers' Compensation Law. All employees of contractor are exempt from workers' compensation insurance (attach copies of religious exemption letter for all employees).
